

SOA COLD WORKING CUTTING TOOLS

SOA Cold Working cutting tools are made as per the Aircraft manufacturer specifications defined in their Structural Repair Manuals (SRM) , and meet all parameters requested for the perfect application of this process.

We can supply any standard cutting tools as defined in the SRM 's or any special ones listed in some Service Bulletins

Starting Drills

ex: SOA-SD-8-1N

Starting Reamers

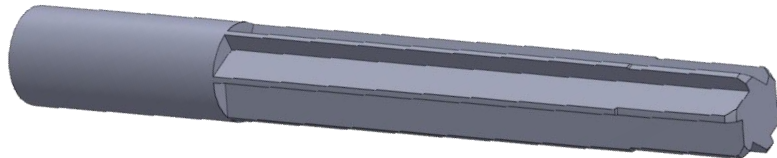

ex: SOA-SR-8-0-N-1

Finish Reamers

ex : SOA-FR-8-1-N-xxxx

COLDWORKING

STANDARD TOOL DIAMETER NUMBER (STDN)	6-0-N	10-2-N	16-0-N	20-2-N	26-0-N	30-2-N
